

NatSol the remote toilet specialists

Introducing the **Full Access Composter**. A stand alone toilet for allotments, churches, glamping and other medium and low use sites. No vehicle access required after installation.

- ✓ A composting toilet for remote sites.
- ✓ Wheelchair accessible, grab rails fitted as standard.
- ✓ No mains services required.
- ✓ No freezing risk.
- ✓ Robust urine separation.
- ✓ Designed for minimal maintenance.
- ✓ A waterless urinal for men fitted as standard.
- ✓ Alcohol gel dispensers.
- ✓ Batch processing of solid wastes on an annual cycle.
- ✓ Urine diverted to soakaway in ground.
- ✓ Can be installed in a day and a half on an average site.
- ✓ No chemicals, no smells, no fuss.
